- a. We have a group WhatsApp or WeChat just for our Boarding Students.
- b. Mr. Keith and other school adults will make daily announcements and updates for which students are responsible for.

36. Are boardings students allowed to date?

- b. We do allow young men and women to attend designated social events chaperoned by school adults (school banquets, etc.) as pairs. We believe these types of formal affairs provide excellent opportunities for young people to refine their social skills and practice appropriate etiquette.
- c. If we detect any potentially unhealthy close relationships, we will be in touch with parents.

37. Does the school give tuition refunds?

40. What are some behaviors that Houghton Academy does not tolerate from its students?

- b. We are absolutely committed to a positive, productive and respectful school environment for everyone.

41. What is the standard that boarding students have the most trouble adjusting to?

- a. Most of our students do not have a problem adjusting to our rules because they generally find them very reasonable, understandable and consistently applied. But a few struggle with the following.

- b. We are serious about teaching the most basic but important life skills such as being on time and getting responsibilities done.
- c. Two of our regularly very important expectations are: Get to school on time and get all your assignments in on time. Simple.
- d. Successful people start by mastering these two life skills. But yet we find some students come to us still struggling with these expectations. So, each Friday, we review the week's performance of each Boarding student. Have they been late to school or any class? Have any assignments been late? If the answer is "yes" to either question, the student misses out on all the fun weekend activities. Students have choices but each choice has a consequence! Simple.
